Number of Dengue cases

It is important to note that day-to-day numbers fluctuates as they depend on the number of notification received. Therefore, weekly numbers are a better reflection of actual trends.

No. of Reported Cases*

7-Oct	8-Oct	9-Oct	10-Oct	11-Oct	12-Oct	13-Oct at 3.30pm
45	61	53	38	32	14	30

*provisional

No. of Reported Cases by E-week (from Sun 0000hrs to Sat 2359hrs)

E-week 36 (31Aug-06Sep14)	E-week 37 (07-13Sep14)	E-week 38 (14-20Sep14)	E-week 39 (21-27Sep14)	E-week 40 (28Sep-04Oct14)	E-week 41 (05-11Oct14)	E-week 42 (12-13Oct14) at 3.30pm
339	363	397	346	339	282	44

Cumulative No. of cases for 2014 (First 41 weeks): 16069

Compiled by Communicable Diseases Division, Ministry of Health

282 dengue cases were reported in the week ending 11 Oct, **57** cases fewer than in the previous week. Despite the continued dip in cases, we should remain vigilant and not let our guard down. NEA advises all stakeholders to keep up efforts to prevent dengue cases from picking up again.

We need to continue removing stagnant water from our environment, so as to deprive the mosquitoes of their breeding habitats. Inverting pails and plant pot plates, changing water in vases regularly, and capping bamboo pole holders when they are not in use are simple steps that everyone can practice and make into a habit. Those infected with dengue should protect themselves from mosquito bites by applying repellent regularly, and those showing symptoms suggestive of dengue should see their GPs early to be diagnosed.

NEA encourages everyone to be an advocate and remind his family members and neighbours to join in the collective effort to help stop the dengue transmission cycle by doing the 5-step Mozzie Wipeout. All of us, including residents, contractors, and business owners, have a part to play in preventing dengue. The latest updates on the dengue situation can be found at the Stop Dengue Now Facebook page, www.dengue.gov.sg or the myENV app.
