## Latest Dengue Data

[Dengue Cases](#)

[Dengue Clusters](#)

### Number of Dengue cases

*It is important to note that day-to-day numbers fluctuates as they depend on the number of notification received. Therefore, weekly numbers are a better reflection of actual trends.*

#### No. of Reported Cases\*

23-Sep	24-Sep	25-Sep	26-Sep	27-Sep	28-Sep	29-Sep at 3.30pm
59	65	48	56	34	16	23

\*provisional

#### No. of Reported Cases by E-week (from Sun 0000hrs to Sat 2359hrs)

E-week 34 (17-23Aug14)	E-week 35 (24-30Aug14)	E-week 36 (31Aug-06Sep14)	E-week 37 (07-13Sep14)	E-week 38 (14-20Sep14)	E-week 39 (21-27Sep14)	E-week 40 (28-29Sep14) at 3.30pm
418	367	339	363	398	346	39

Cumulative No. of cases for 2014 (First 39 weeks): 15449

Compiled by Communicable Diseases Division, Ministry of Health

**346** dengue cases were reported in the week ending 27 Sep, **52** cases fewer than in the previous week. The risk of dengue transmission remains high and NEA advises all stakeholders to stay vigilant as we are still in the peak dengue season. We need to keep up our efforts to prevent dengue cases from rebounding.

To protect ourselves, all of us need to play our part in removing stagnant water from our environment, so as to deprive the mosquitoes of their breeding habitats. Inverting pails and plant pot plates, changing water in vases regularly, and capping bamboo pole holders when they are not in use are simple steps that everyone can take to prevent mosquitoes from establishing a foothold in our neighbourhoods. Those infected with dengue should protect themselves from mosquito bites by applying repellent regularly, and those showing symptoms suggestive of dengue should see their GPs early to be diagnosed.

NEA encourages everyone to be an advocate and remind his family members and neighbours to join in the collective effort to help stop the dengue transmission cycle by doing the 5-step Mozzie Wipeout. All of us, including residents, contractors, and business owners, have a part to play in preventing dengue. The latest updates on the dengue situation can be found at the Stop Dengue Now Facebook page, [www.dengue.gov.sg](http://www.dengue.gov.sg) or the myENV app.
