## Latest Dengue Data

[Dengue Cases](#)

[Dengue Clusters](#)

### Number of Dengue cases

*It is important to note that day-to-day numbers fluctuates as they depend on the number of notification received. Therefore, weekly numbers are a better reflection of actual trends.*

#### No. of Reported Cases\*

20-Sep	21-Sep	22-Sep	23-Sep	24-Sep	25-Sep	26-Sep at 3.30pm
51	22	62	60	65	46	16

\*provisional

#### No. of Reported Cases by E-week (from Sun 0000hrs to Sat 2359hrs)

E-week 33 (10-16Aug14)	E-week 34 (17-23Aug14)	E-week 35 (24-30Aug14)	E-week 36 (31Aug-06Sep14)	E-week 37 (07-13Sep14)	E-week 38 (14-20Sep14)	E-week 39 (21-26Sep14) at 3.30pm
438	418	367	339	364	402	271

Cumulative No. of cases for 2014 (First 38 weeks): 15108

Compiled by Communicable Diseases Division, Ministry of Health

**402** dengue cases were reported in the week ending 20 Sep, **38** cases more than in the previous week. The risk of dengue transmission remains high and NEA advises all stakeholders to stay vigilant as we are still in the peak dengue season. We need to keep up our efforts to prevent dengue cases from rebounding.

To protect ourselves, all of us need to play our part in removing stagnant water from our environment, so as to deprive the mosquitoes of their breeding habitats. Inverting pails and plant pot plates, changing water in vases regularly, and capping bamboo pole holders when they are not in use are simple steps that everyone can take to prevent mosquitoes from establishing a foothold in our neighbourhoods. Those infected with dengue should protect themselves from mosquito bites by applying repellent regularly, and those showing symptoms suggestive of dengue should see their GPs early to be diagnosed.

NEA encourages everyone to be an advocate and remind his family members and neighbours to join in the collective effort to help stop the dengue transmission cycle by doing the 5-step Mizzie Wipeout. All of us, including residents, contractors, and business owners, have a part to play in preventing dengue. The latest updates on the dengue situation can be found at the Stop Dengue Now Facebook page, [www.dengue.gov.sg](http://www.dengue.gov.sg) or the myENV app.
