Number of Dengue cases

It is important to note that day-to-day numbers fluctuates as they depend on the number of notification received. Therefore, weekly numbers are a better reflection of actual trends.

No. of Reported Cases*

23-Aug	24-Aug	25-Aug	26-Aug	27-Aug	28-Aug	29-Aug at 3pm
54	38	66	67	45	55	27

*provisional

No. of Reported Cases by E-week (from Sun 0000hrs to Sat 2359hrs)

E-week 29 (13-19Jul14)	E-week 30 (20-26Jul14)	E-week 31 (27Jul-02Aug14)	E-week 32 (03-09Aug14)	E-week 33 (10-16Aug14)	E-week 34 (17-23Aug14)	E-week 35 (24-29Aug14) at 3pm
746	635	484	545	442	421	298

Cumulative No. of cases for 2014 (First 34 weeks): 13643

Compiled by Communicable Diseases Division, Ministry of Health

421 dengue cases were reported in the week ending 23 Aug, **21** cases fewer than the previous week. While this is a slight dip in the number of cases from the previous week, we remain in the peak dengue season. We need to keep up our efforts to prevent dengue cases from rebounding. Consequently, ongoing vigilance and source control measures are essential.

To protect ourselves, all of us need to play our part in removing stagnant water from our environment, so as to deprive the mosquitoes of their breeding habitats. Inverting pails and plant pot plates, changing water in vases regularly, and capping bamboo pole holders when they are not in use are simple steps that everyone can take to prevent mosquitoes from establishing a foothold in our neighbourhoods. Those infected with dengue should protect themselves from mosquito bites by applying repellent regularly, and those showing symptoms suggestive of dengue should see their GPs early to be diagnosed.

NEA encourages everyone to be an advocate and remind his family members and neighbours to join in the collective effort to help stop the dengue transmission cycle by doing the 5-step Mozzie Wipeout. All of us, including residents, contractors, and business owners, have a part to play in preventing dengue. The latest updates on the dengue situation can be found at the Stop Dengue Now Facebook page, www.dengue.gov.sg or the myENV app.
